

Theme for CALMEX 34

Last year, our theme “Lindberg” went well.

Are you ready for this year’s challenge?

“Snap-Tite/Snap-Together”

You may think no way.

Ever try to build one that did not look like one.

You up for this?

This one will put your building skills to the test.

There are only four rules:

1. Snap-Tite/Snap-together kits only.
2. You must have the instructions or the box with the wording “Snap-Tite” or “Snap-Together.”
3. No factory painted models, unless you repaint it. Plastic that is molded in color is not considered to be a painted model.
4. Anything else goes including scratchbuilt and aftermarket parts and accessories.

All theme entries will be entered into the THEME category.

Judging will be the same as for any other category.
